Dear Member

Re: EY Covid-19 Update

Please find a link below to COVID–19 page on the EY website which you might find useful -
https://www.ey.com/en_uk/covid-19

Also whilst I know that most of you are up to speed with the government actions via many different formats we have also published to the BA website an updated summary from EY (9/4/2019) which I think provides a good summary, this can also be accessed via the following link;

Finally I am sure you are aware but the advice regarding the Job Retention Scheme and eligibility for Furlough was updated yesterday (see link below)

Taylor Walton, who are available to provide free advice to members on the JRS and other connected employment issues, have released updated guidance notes, which have been circulated and are available on the BA website.

The period for providing this advice to members was due to finish this Friday 17th April but BA are happy to extend this for another three weeks until Friday 1st May.
